

AREL

A CAR

AREL

YES, AREL IS THE SOLUTION

AREL

FUEL INJECTOR CLEANER

Cleans the carburetor, throttle body, valve, interconnections and pistons. Extends the life span of pieces. It clears the remaining formed over time. Ensures efficient operation of fuel injection system. It prevents the engine from stopping. It easily removes fuel waste and carbon residues formed in the injector nozzles and throat. Ensures regular operation of the vehicle, reduces fuel consumption.

24+1 450ml spray in box

AREL

DIESEL INJECTOR CLEANER

It improves combustion and optimizes the car's fuel and maximizes the engine's power, and the engine works in the smoothest possible state, which, in addition to reducing fuel consumption, prevents the vibrations caused by the rough operation of the engine. In addition, it completely washes the injectors and removes all deposits caused by incomplete fuel.

24+1 450ml spray in box

AREL

OCTANE BOOSTER

AERL octane booster with an advanced formula increases the octane number of gasoline
Compatible with fuel system, catalyst and chemical sensors
Adjusting and improving car engine performance:
Increasing the power and acceleration of the car
Reduce fuel consumption
Preventing knock and pre-burning of gasoline

AREL

BRAKE

BRAKE DISC CLEANER

DISC

- Improved braking performance
- Significant and almost complete reduction of braking noise
- Increasing the lifespan of brake discs and pads
- Fast and powerful removal of mass, dust, oil and grease immediately
- Humidifying the brake pads to reduce the wear of parts

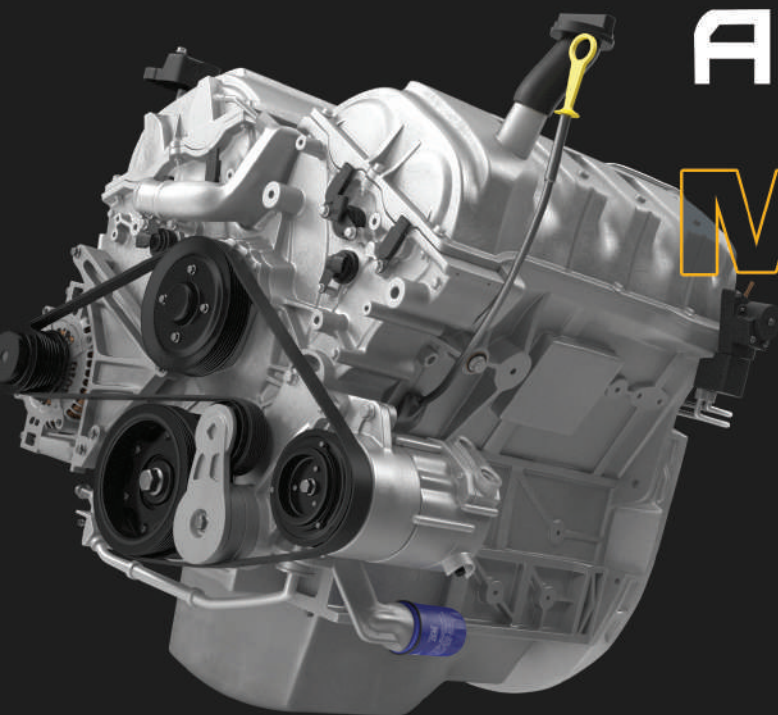

AREL

LUBRICANT CHAIN SPRAY

A functional product that is used for periodic lubrication and servicing of motorcycle, bicycle, industrial equipment and any type of road and non-road equipment.

Using this product for the moving parts of the bicycle makes pedaling more comfortable and smooth, and at the same time, by preventing rust and corrosion, it increases the life of the parts.

AREL MOTOR FLUSH

Helps to circulate and clean oil deposits and sludge anywhere oil flows, such as oil pump, oil suction chamber, cam lubrication channels, turbo lubrication channels

By cleaning the inside of the engine, the new engine oil that is poured into the car will move freely in the system and this will eliminate the poor performance caused by the pressure of the piston rings due to the contamination inside the engine.

TAR

REMOVER SPRAY

AREL bitumen remover Spray

this product with excellent quality and effective formulation is suitable for removing hard and sticky stains such as bitumen, asphalt, glue and grease left on the car body, without damaging the body color or causing scratches. The use of this product has no adverse effect on the fabric color of the body or high-quality non-factory colors

AREL HEADLIGHT CLEANER SPRAY

AREL HEADLIGHT CLEANER SPRAY

With The restorative headlight spray , you can easily eliminate yellowish caused by sun , dirt , acid rain and road salt. In addition , you naturally also improve the appearance of the vehicle whit removing cloudy and even blind over time and reduce serious safety risk of matt headlights

AREL

TIRE REPAIR SPRAY

interconnections and pistons.
Extends the life span of pieces.
It clears the remaining formed over time.
Ensures efficient operation of fuel injection system.
It prevents the engine from stopping.
It easily removes fuel waste and carbon
residues formed in the injector nozzles and throat.
Ensures regular operation of the vehicle,
reduces fuel consumption.

24+1 450ml spray in box

AREL

RADIATOR STOP LEAK

*To repair the leaks in the water path of the car engine,
radiator, cylinder head and strong sealant
No need for expensive replacement
The cooling system protects the engine for a long time*

AERL

RADIATOR CLEANER

AERL radiator wash solution works well in removing oily and lime deposits and does not harm metal and plastic parts, increasing the efficiency of the cooling system.

AREL

OIL TREATMENT

Due to the increase in the viscosity of the engine oil, AREL oil additive increases the quality of the engine oil and, as a result, the lubricating power and protection of the engine and prevents it from getting greasy. its lubrication power makes the engine work smoothly and reduces fuel consumption.

AREL

GREASE LITHIUM

AREL lithium-based grease spray is a multipurpose lubricant, with high thermal resistance, no chlorine, waterproof, anti-wear and anticorrosive. It has excellent stability during storage and very good adhesion to metal surfaces. It is very applicable for use in parts where physical access is not possible.

AREL

DASHBOARD DASHBOARD DASHBOARD POLISH SPRAY

DASHBOARD POLISH SPRAY

AREL dashboard spray is suitable for polishing, deodorizing and cleaning plastic and rubber parts of the car such as: dashboard and car cabin.

AREL dashboard spray is antistatic and does not absorb dust. It increases life of the surface

INSTRUCTIONS TO USE:

Shake the can well before use

Spray on the surface from a distance of 20 cm
